## San Nicolas Pay Last Respect To Benny.

The year ended with the loss of another icon in San Nicolas Mr. Benny Nisbeth leader of the PPA. Benny woke up everyday fighting for San Nicolas to make this a better place. We might not ever see such a devoted political person ever again, he opened the doors for many people of color to get jobs in sectors years ago where it was very difficult to get in, he made it happen. RIP my friend, you have paved the way for so many who do like they forget, but they can't deny your positive impact on this island.

## We Culture Ended 2020 Strong.

"We Culture" , for the first time in Aruba celebrated Kwanzaa(first harvest). Kwanzaa is a celebration that often includes, singing, dancing, storytelling, poetry reading, African drumming and feasting.Celebrated by Afro Americans. It takes place from the 26 of December to January 1. Actually, Dr Mauluna Karenga introduced the festival in 1966 to the United States as a ritual to welcome the first harvests to home.

Kwanzaa is based on 7 principles:

- 1.Umoja, means Unity
- 2.Kujichagulia, means self determination
3. Ujima, means collective work

4.Ujamaa, means Cooperative economics

5. Nia , means purpose

6. Kuumba, means creativity

7. Imani, means, faith

The primary symbols of Kwanzaa are the seven candles that are in the colors, Black, Red and Green, which represent the 7 principles . And every day a candle is lit . The black candle symbolizes the people of Africa, the red candles symbolizes the struggle or bloodshed in the past, and the green candles represents the earth with its abundance of possibilities the future has.

Rest to say Happy Kwanzaa..

# Shanaya Howell In The Top 10

One of San Nicolas pride and joy Shanaya Howell is back in the top 10 world wide in the BMX sector, even with this Covid, you can not stop talent. She has put Aruba on the map in this sector, our little island has competed against much bigger countries, and she stood her ground had people asking "Where is or what is Aruba?" We are super proud of you, win or lose the fight in you is so motivating.

# Please Keep Our Beaches Clean!

Once again Rodgers Beach was a mess as partiers did not take their trash with them, no matter if you put it all in trash bags, once there is food in there animals will come for it. All the plastic cups, plates and much more can go into the ocean, and will look like jelly fish attracting hungry turtles killing them.
